Specification

Item	Description
------	-------------

OS	Linux
Independent design	Host independent portable design,meet various application scenarios demand flexible
Graphic operation interface	Accomplish different parametric setting
Security Management	administrator password management
Video and Preview	Video Input OSD External camera, 70 degree visual Angle Character superposition function, information superposition of time and date, device ID and GPS, etc.
	Video Compression Format H.264 Compression coding. Applying Hisilicon hi-performance processor.
	Dual-Stream Resolution Bit Rate Supported Default D1, optional CIF and HD1 D1: 1000□1400□2000□2048 HD1: 1000□1400□2000□2048 CIF□1000□1400□2000□2048
Audio	Preview function Audio Input Audio Output External MIC External loadspeaker
Recording	Compression Format Storage Medium G.726 coding Micro-SD card(1G ~ 32G)
	File Format/ System Video Strategies Video search Play back ASF/FAT32 Recording at startup by default Search through date□time or type Support fast forward□fast reverse□play□suspend; Support 2□4□8□16 times fast forward and fast reverse; Support files cho ose paly
Screen parameters	Size Type Resolution 2.4 inch LCD TFT 480*234
Wireless Transmission	Built in 3G wireless transmission module. WCDMA, EVDO for selection; 4G option Compatible with EDGE,GPRS;
WIFI	built-in WIFI module
GPS	built-in GPS

Application

应用案例/applications

FCC CE ROHS Certification

What is our expectation

Being your helpful and long term partner meeting your requirement.
